

SF700AO

Category	60cm
Product Family	Oven
Power supply	Electric
Heat source	ELECTRICITY
Cooking method	Fan assisted
Cleaning system	Ever Clean enamel
EAN code	8017709315733

Aesthetics

Aesthetic	Cortina	Serigraphy type	Symbols
Colour	Anthracite	Door	With panel
Design	Flat	Handle	Cortina
Component finish	Antique brass	Handle Colour	Antique brass
Material	Painted material	Logo	Embossed
Glass Type	Clear	Control knobs	Cortina
Serigraphy colour	Gold	Controls colour	Anthracite

Controls

Display name	Orologio	No. of controls	2
Control setting	Knobs		

Programs / Functions main oven

No. of cooking functions	6
Traditional cooking functions	

Static	Fan assisted	Eco
Large grill	Fan grill (large)	Fan assisted base

Options

Time-setting options	Automatic end cooking	Timer	1
----------------------	-----------------------	-------	---

Minute minder Yes

## Technical Features

Minimum Temperature	50 °C
Maximum temperature	250 °C
No. of shelves	5
N. of fans	1
No. of lights	1
Light type	Halogen
User-replaceable light	Yes
Light Power	40 W
Lower heating element power	1200 W
Upper heating element - Power	1000 W
Grill element - power	1700 W
Large grill - Power	2700 W

Door opening type	Standard opening
Door	Temperate door
Removable door	Yes
Full glass inner door	Yes
Removable inner door	Yes
Total no. of door glasses	3
Cooling system	Tangential
Cooling duct	Single
Usable cavity space dimensions (HxWxD)	360x460x425 mm
Temperature control	Electro-mechanical
Cavity material	Ever clean Enamel

## Performance / Energy Label

Energy efficiency class	A
Net volume of the cavity	70 l
Energy consumption per cycle in conventional mode	1.15 KWh
Energy consumption in conventional mode	4.14 MJ

Energy consumption in forced air convection	2.88 MJ
Energy consumption per cycle in fan-forced convection	0.80 KWh
Number of cavities	1
Energy efficiency index	95.2 %

## Accessories included

Rack with back and side stop	1
Enamelled deep tray (40mm)	1

## Electrical Connection

Plug	Not present	Nominal power	3000 W
Voltage	220-240 V	Frequency (Hz)	50 Hz
Current	13 A	Power supply cable length	150 cm

---

## Compatible Accessories

---

### BN620-1

Enamelled tray suitable for 45cm and 60cm ovens. Depth 20 mm. Perfect for a wide range of savoury and sweet baking.

### GTP

Partially extractable telescopic guides (1 level), suitable for traditional ovens. Made in stainless steel, they guarantee stability and facilitate the smooth extraction of the trays.

### PALPZ

Pizza shovel with folding handle. Dimensions L31.5 x H32.5 cm. Easy and convenient to use and store. Perfect for serving pizza, bread and savory pastries in a safe and professional way.

### BN640

Enamelled tray suitable for 45cm and 60cm ovens. Depth 540 mm. Perfect for cooking and roasting meat and fish in sauces. Also ideal for experimenting with lighter and crunchy side dishes

### GTT

Totally extractable telescopic guides (1 level), suitable for traditional ovens. Made in stainless steel, they guarantee stability and facilitate the smooth extraction of the trays.

### PR3845X

Antifingerprint stainless steel. Cover for furniture in column installation of more ovens

## Symbols glossary

Triple glazed doors: Number of glazed doors.

Ever Clean Enamel: Ever Clean enamel is applied electrostatically, corner to corner and edge to edge to prevent cracking or cracks over time. It is a particular pyrolytic enamel, resistant to acids which, in addition to being pleasantly bright, promotes greater cleaning of the oven walls, thanks to its lower porosity. It is baked at over 850 ° C and slowly polymerized at a scientifically determined rate to ensure uniform depth and strength Ever Clean enamel creates an impeccable finish both on the inside of the oven and on the trays, making the surfaces of the oven incredibly easy to maintain over time as it reduces the adhesion of fat during cooking

Fan assisted: Intense and homogeneous traditional cooking, also suitable for complex recipes. The fan is active and the heat comes from below and from above at the same time. Ventilated cooking ensures a faster and more homogeneous result, leaving fragrant foods outside and moister inside. Ideal for baked pasta, biscuits, roasts and cobblers.

ECO: low energy consumption cooking: this function is particularly suitable for cooking on a single shelf with low energy consumption. It is recommended for all types of food except those that can generate a lot of moisture (for example vegetables). To achieve maximum energy savings and reduce time, it is recommended to put the food in the oven without preheating the cooking compartment

Fan grill: very intense heat coming only from above from a double heating element The fan is active. It allows the optimal grilling of thickest meats. Ideal for large cuts of meat.

The inner door glass: can be removed with a few quick movements for cleaning.

The oven cavity has 5 different cooking levels.

The capacity indicates the amount of usable space in the oven cavity in litres.

Air cooling system: to ensure a safe surface temperatures.

Electric

Fan assisted base: the mix of fan and lower heating element alone allows to finish cooking foods already cooked on the surface but not internally more quickly. This system is recommended to finish cooking foods that are already well cooked on the surface, but not internally, which therefore require a moderate higher heat. Ideal for any type of food.

Static: Traditional cooking suitable for the preparation of one dish at a time. The fan is not active and the heat comes from below and from above at the same time. Static cooking is slower and more delicate, ideal in order to get well cooked and dry dishes even inside. Ideal for cooking all types of roasts, fatty meats, bread, filled cakes.

Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.

All glass inner door: All glass inner door, a single flat surface which is simple to keep clean.

Side lights: Two opposing side lights increase visibility inside the oven.

The capacity indicates the amount of usable space in the oven cavity in litres.
